ABOUT

Information Science student specializing in Web Development, UI/UX Design, and AI/ML. Built UnifyTalk (1st Prize, Aldeastorm 2026), Alias (AI facial recognition attendance system), Agni AI (AI 3D home designer with Vastu Shastra integration), and Nexus (semantic people discovery platform). Experienced in full-stack MERN development with a focus on solving real-world problems through technology.

EDUCATION

Cambridge Institute of Technology — Bangalore, Karnataka	B.E. in Information Science and Engineering	Sept 2024 – Aug 2028
BGS PU College — Bangalore, Karnataka	12th (Science Stream) — 94%	2022 – 2024
Narayana E-Techno School	10th Completed	2022

TECHNICAL SKILLS

- **Languages:** Python, Java, HTML, CSS, JavaScript, PHP, C
- **Web Development:** MERN Stack (MongoDB, Express.js, React.js, Node.js), REST APIs, PHP
- **Mobile & Design:** Android (Java), Canva, UI/UX, Visual Design, Content Writing
- **Tools:** Git/GitHub, VS Code, Postman, Vercel, Render, Docker (basic)
- **Currently Learning:** Artificial Intelligence & Machine Learning

PROJECTS

- UnifyTalk – Accessibility Communication Platform** *Web Technologies, MediaPipe* Aldeastorm 2026 — 1st Prize
- Built a unified real-time communication platform (Medical + Accessibility modes) with sign language detection (MediaPipe), pictogram AAC board, TTS/STT, screen reader with Braille output, and multilingual support; led frontend development and ideation.
- Alias – AI Facial Recognition Attendance System** *React, FastAPI, Python, Twilio*
- Built a college portal with 4 role-based dashboards (Student/Teacher/Principal/Parent) featuring QR + facial recognition attendance, AI anomaly detection, Twilio WhatsApp/SMS alerts, voice assistant, and live seating heatmap; deployed on Hugging Face Spaces + Vercel.
- Agni AI – India-First AI-Powered 3D Home Designer** *React, Three.js, Web Speech API*
- AI 3D home designer with Vastu Shastra integration, BHK templates, multilingual voice commands, budget-aware furnishing recommendations, DXF/PDF blueprint export, and sun path simulation; built for GSSoC '25 and Infosys Springboard Pragati Cohort 8.
- Nexus – Semantic People Discovery Platform** *React, FastAPI, Claude AI*
- Semantic people discovery and AI outreach platform with real API integrations, advanced filtering, AI-generated personalized outreach messages, and a distinctive multi-accent UI.

INTERNSHIPS & EXPERIENCE

- Next.js Developer — Open Source Connect** *Remote, Part-time* Aug 2026 – Present
- Selected as Next.js Developer for Open Source Connect India 2026 after a multi-round process; part of the Core Team contributing to initiatives empowering developers and promoting open source adoption.
- Back End Developer — One Tappe (Tappverse Technologies)** *Remote, Part-time* Aug 2026 – Present
- Contributing to web development and platform features using MERN + REST APIs; building AI/LLM-powered recommendations and support features, plus UI/UX and frontend implementation, under technical mentorship.
- Web Development Intern — DevStack Technologies** *Remote*
- Contributed to web development projects; received the Outstanding Intern Award for performance.

ACHIEVEMENTS & AWARDS

- 1st Prize — Aldeastorm Hackathon 2026 (UnifyTalk) — 2026
- Outstanding Intern Award — DevStack Technologies — June 2026
- Infosys Springboard Pragati Cohort 8 — Selected Participant — 2026
- HACKHAZARDS '26 Top 100 — Namespace (Top 1% of 31,000+ global builders) — August 2026
